

Environment, Health & Safety Policy

PGW will manufacture, market, and distribute products in a responsible manner that protects employees, neighbors, customers, and the environment. Environmental, Health and Safety (EHS) is a core business value that emphasizes the need to protect our employees, the general public, and the environment. Our EHS processes and management systems are integrated into each of our business segments along with a commitment for continuous improvement and sustainability.

The following key areas are specified below for meeting this objective:

Safety and Health

PGW is committed to providing a safe and healthful workplace and will encourage ownership and involvement by all employees. All employees are encouraged to actively identify and reduce or eliminate at-risk behaviors and workplace hazards.

Environment

PGW is committed to operating our facilities in ways that prevent harm to public health and the environment, conserve energy and natural resources, integrate pollution prevention, and continually strive to reduce the environmental impact of our operations.

Product Stewardship

PGW is committed to developing, producing and distributing products in a safe and environmentally sound manner and advise customers on their safe use and handling.

Regulatory Compliance

PGW is committed to complying with all applicable environmental, health, safety and distribution laws, regulations, and permit conditions.
